

WEDDING VEILS

Size in inches	Size in cm	Also known as
36"	91.5	Shoulder length
54"	137	Waist or elbow length
72"	183	Hip or Fingertip length
108"	274	Floor length
126"	320	Train or Chapel length
144"	366	Long Train or Cathedral length

TIARAS

All tiaras are made in standard sizes. If you have a special request, this can be created for you, for example a smaller sized hair band for a flower girl.

Our tiara bands are soft and flexible and so can be moulded to your head for a perfect fit.

JEWELLERY

Necklaces are made in shorter lengths of 16" or 18", or longer lengths of 28", 30" or 32". The length is dictated by the design and so does not need to be specified when ordering. If you need a particular size this can be accommodated as everything is made to order.

DRESS STRAPS & SLEEVES

Dress straps are made between 12-13" long, depending on the design.

Halter straps are 22" long.

Detachable cap sleeves are adjustable from 24" - 26" long.

Special sizes can be made on request.

BELTS

Some belt styles are one size (114 inches) and tie to fasten. Either tie in a bow, or ask your seamstress to attach the belt to your gown.

Other belts come in Extra Small (26" - 28"), Small (28" - 30"), Medium (30" - 32"), Large (32" - 34") and Extra Large (34" - 36"), with a velcro adjustable fastener.
